Sometimes you have to go back to get ahead.

As jobs requiring college degrees continue to increase, investing in your education is more critical than ever. Our degree programs are designed to meet the needs of working professionals, balancing academic rigor with flexibility and value. Students attend part time in the evening at a pace that supports their other life commitments.

As an added value (and surprise to many), our tuition ranks among the most competitive in Richmond, starting at just $480 per semester hour. Plus financial aid is available for most programs.
